MINING, BUSINESS AND STOCKS

BETTER TONE TO TODAY'S MARKET

Ohio Copper Found Brisk Demand Again on Advancing Prices.

SELLS ABOVE THREE DOLLARS

Silver King Coalition-Uintah Treasure Hill Sale-Closing Quotations.

There was a better tone to mining stocks today and some of the issues which displayed a tendency to weaken yesterday, made up for some of their osses. Beck Tunnel, Black Jack and Colorado were all higher, while Sloux Consolidated held its own around 24 and 25. Bullock was active on the open board; it selling up to 14 cents.

and 25. Bullock was active on the open board; it selling up to 14 cents.

Ohio Copper was one of the features of the day and the stock was in active demand. About 1,900 shares changed hands at \$3 and \$3.15, with \$3.10 the closing bid for the stock. The impression is growing daily that something of decided importance in the affairs of the Ohio Copper are about to transpire and the departure of Thomas Weir for New York is regarded as being significant. It is believed that Heinze and the large minority interests are getting together; that they are about to agree on some plan for the financing of the big Bingham enterprise. Silver King Coalition was bought at \$3.80 and \$3.85; Unitah Treasure Hill sold as low as 22½; but 23 cents was bid for it at the close. Newhouse brought \$7.25 and Bingham Central Standard 44 and 45 cents. The closing quotations and sales were:

KANAB OIL FIELD

Rig Purchased at a Cost of Nine

Thousand Dollars

Arrives.

HAVE A COMPLETE OUTFIT.

Development to Begin at Once-New

Townsite Laid

Out.

What is probably the finest and

opened there, and is backing it up with his own money. The land comprising the townsite of Juab has been acquired by the colonel, and Mr. Raymond, and they figure that if the field makes good, a town of considerable importance will come into existence.

"We are going to test the Juab oil field pretty thoroughly," said Mr. Raymond today. "The rig that has just arrived was ordered about 13 months ago, and I am satisfied that it is ahead of anything of the kind ever brought into this country. We have a positive guarantee from the builders that a well can be sunk to a depth of 3,000 feet. An expert demonstrator 3,000 feet. An expert demonstrator has been sent out from the factory and will have charge of the drilling operations of the company. It ought not to take very long to find out whether the Juab field is a winner or not."

AGREEMENTS FILED.

.8214 Differences Between Smelter and Farmer to Be Arbitrated.

Farmer to Be Arbitrated.

Two agreements were filed for record in the office of the county recorder to-day, the parties thereto being the American Smelting & Refining company and the farmers of the Salt Lake valley who have figured in the smoke littigation. The effect of the agreements are that in the future all differences between the smelting company and the farmers is to be settled by arbitration. In one of the instruments A. F. Doremus, Richard Howe and John G. M. Barnes are named as arbiters; while the other mentions A. F. Doremus, Joseph R. Carilsle and John G. M. Barnes as arbiters.

UTAH'S MINE SHOWING.

One Car of Ore Brings in Enough Money to Meet Usual Dividend.

That was fine ore which the manage-nent of the Utah Mine at Fish Springs received settlement for yesterday after-noon. There were 52,764 pounds of it and the American Smelting and Refining company, after deducting the cus-tomary charges, rendered its check for \$3,165.71—more than enough to meet the usual monthly dividend. The ore averaged 205 ounces in silver and 47 per cent lead to the ton.

SIOUX CONSOLIDATED.

Manager Holdaway Expects Good Results at Depth.

A statement concerning Sloux Con-solidated was given out yesterday af-ternoon by General Manager A. N. General Supt. Bryce Turner, of the Montgomery Shoshone, says the Bullfrog Miner, who returned from New York the first of the week, admits that the newspaper statements regarding the property based on the forthcoming engineer's report to the stockholders are more or less true. The report will be made public in a few days, and at this time Mr. Turner is unwilling to go into details. The advance information stating in effect that development in the lower levels has been disappointing, Mr. Turner confirms. He is none the less sanguine, however, regarding the ultimate outcome of the property.

ternoon by General Manager A. N. Holdaway, who was in the city to confer with associates,
"We have developed the Sioux Consolidated down to the 280-foot level, and have prospected thoroughly to that depth. We have now concluded that at this depth the zone will not hold one for the formation is will not hold ore, for the formation is entirely too loose for that. The only course left for us, therefore, is to get to better depths, and we have decided to drive the shaft on down 200 feet deeper before stopping to cut a station. We have found the zone

more or less mineralized all along, and we have encountered numerous bunches of rock that assayed a trace

ore.

"In drifting west on the 280-foot level we were in highly mineralized lime throughout, and this was likewise true in the east drift. The drift to the north cut the shearing line or the fissure line in which the Colorado ore occurs, and we went into this country for a considerable distance. But the formation was too loose to hold ore. We found several small caves, but no ore accompanied them. I do not believe that the Colorado ore body will break off suddenly, but I am positive it will play out instead; yet it will not come over on the property of the Sloux Consolidated company.

"I do not wish it to be taken from

tinued until we reach the sulphides, when we confidently hope to open up something big.

"In the meantime we will continue to operate the mine and treat the output as heretofore. The cleanup which is now being completed will be the largest in the history of the property. We are employing a good force of men, taking out ore and operating the mill, and this will be the program until we run out of commercial material, which is hardly probable for a long time to and this will be the program until we run out of commercial material, which is hardly probable for a long time to come."

Mr. Turner does not believe that the engineer's report has anything to do with any stock jobbing proposition. He says that they are reputable engineers sent out by the stockholders to make an examination of the property and he but it will take at least fire wently. Mr. Turner does not believe that the engineer's report has anything to do with any stock jobbing proposition. He says that they are reputable engineers sent out by the stockholders to make an examination of the property, and he is of the opinion that they were acting in good faith.

On his return Mr. Turner was accompanied by Dr. Ward of Pittsburg, a director in the Montgomery Shoshone company and intimately associated with Charles Schwab. Dr. Ward visited the mine and expressed himself as greatly pleased with its operation. As the guest of W. B. Milliken, he visited the Homestake mill also, and spent some time in this part of the district. lieve, that eventually we will find ore; but it will take at least five months for us to sink and to drive for the point where we feel everything is favorable for ore. We have practically abandoned all work on the 280-foot level, but we will continue work in the winze now down 100 feet below that level. This winze is in quartzite, but I know from all the geological

CONCENTRATES.

A. J. Davis departed this afternoon for the Seven Troughs mining district to look after mining interests.

Dr. J. J. Snider has returned from a trip to the Seven Troughs district where he has been on mining business. W. G. Page, the mining engineer, has returned from a sojourn in California, which lasted through the win-

George E. Gunn and Fred A. Flindt left last night for the Mason Valley mine in the Yerington, Nevada, dis-

Frank Salisbury, an old time Tintic miner, has secured a lease on the White Alps property in the Rosebud, Nevada, district.

The citizens of Provo are getting interested in the new camp of Bocard, Nevada, in which Jacob Evans has become a heavy investor.

General Manager Walter C. Orem of the Nevada Douglas Copper company is now at the Nevada Douglas mine ear Yerington, Nevada.

Harry B. Cole, the broker, who has been spending several months broad, has arrived in Chicago on his way home. He is expected in Salt Lake

General Manager George W. Lambourne of the Daly Judge Mining company departed this afternoon for Jersey City. New Jersey, to attend the annual meeting of shareholders of the company. He was accompanied by Mrs. Lambourne. Mrs. Lambourne. Construction work at the Homestake

Construction work as mill is progressing very satisfactorily and both J. E. Rothwell, engineer for the Colorado Iron Works, and W. B. the Colorado Iron Works, and W. B. Milliken, who has local charge of the work, are of the opinion that the plant will be completed and ready to operate by June 1.—Bullfrog Miner. W. B. LaVellie, formerly owner of several eigar stores in this city and who was one of the original owners of the Mason Valley mine at Yerington. Nevada, has arrived in the city from California. Something over a year ago, Mr. LaVellie purchased a fruit farm near San Diego and is now living the retired life of a citrus fruit grower.

BADGER BROS., STOCKS HIGHER, TRADING ACTIVE

New York, May 14 .- There were sharp gains shown by the opening prices of stocks today, but they were mostly amongst the stocks of secondary importance. The whole list, however, higher and trading was active and broad.

higher and trading was active and broad.
Union Pacific, Great Northern preferred,
Amalgamated Copper, Anaconda and Pacific Mail advanced large fractions.
Additional slight advances in the raliroad stocks brought out enough stock to
check the rise in them for a while, and
it was not until Reading began to be
purchased on an advance of 1% that
the standard stocks hardened again.
Meanwhile there was a large accumulation of numerous specialities which gave
animated appearance to the dealings.
Many stocks were quoted a point or
more above yesterday's closing, Rock
Island preferred fell I and Southern
Pacific 11%.
The advance in Reading and some of

more above yesterday's closing Rock Island preferred fell I and Southern Pacific 1½.

The advance in Reading and some of the metal and mining stocks proceeded to marked lengths. The United States Steel stocks shared in this strength to some extent. The speculation showed animation and variety. Sloss-Sheffield Steel rose 4½, Federal Mining preferred 3½, Republic Steel preferred and Lake Erie & Western 3, Western Union and Reading 2¾, Anaconda 2¾ and Amalgamated Copper 1¾.

Bonds were strong, and active.

The buying movement shifted again to the Harriman and Hill stocks, which afforded an opportunity for heavy profitaking in Reading and some of the specialties. The mixed character of the trading caused a decided contraction in the dealings afterwards. Western Union advanced 5%, Pittsburg, C. C. & St. Louis preferred 4½, Northern Pacific 2½, Great Northern preferred and Alis-Chalmers preferred 2, Atchison Ore Certificates and United States Pipe preferred 1½. Hocking Valley preferred and the western group stopped after St. Paul had been advanced 2½ and there were several reactions of a point or more. The metal stocks were also conspicuously strong at intervaliwith American Smelting in the largest demand.

The market closed strong and active.

demand.

The market closed strong and active. The growing disposition to take profits caused a more general reaction late in the day. Before this had proceeded for the selling subsided and a period of duliness was followed by a rehardening of prices, in some cases to the best.

PRODUCE.

CHICAGO.

CHICAGO.

Chicago, May 14.—The local wheat market opened firm today owing to a sharp advance in corn and to a strong market for wheat at Liverpool. Demand, however, was light and prices soon eased off on profit-taking. July opened ½ to ½ higher at 90 to 90½, sold at 90½ 90½, and then declined to 89½.

The corn market was strong and prices advanced more than a cent compared with yesterday's final quotations. The advance was due to continued wet weather in the corn belt which brought out an active demand from shorts. Offerings were very light. July opened ½ to ½ higher at 64½ to 65½ and advanced to 65½. May opened ½ to 1½ higher at 74 to 74% and for a time held within that range.

Oats were firm on a good demand for the September delivery by commission houses. The strength of corn was a bullish factor. July opened ¼ higher at 47¼ and sold at 47½.

The advance in corn caused a steady tone in provisions despite continued liberal receipts of live hogs at all western packing centers. July pork opened a shade lower at 13.47½. Lard was unchanged at 8.42½. Ribs were a shade higher at 7.27½ @7.30.

The wheat market railied sharply during the last half of the session as a result of active covering by shorts who were actuated by the smallness of shipments from Argentina during the past week. From 88½ @88% the July delivery advanced to 90%. The close was strong with July up % @ ½ at 90% @ 20½.

strong with July up % @ % at 90% @ 90½.

Corn—The high point for July was reached at 55% @ 66. Prices reacted considerably late in the day on realizing sales but the close was strong with July % higher at 65%.

Close—Wheat—May. 1.02½; July. 90% @ 90½; Sept. 87@ 87½; Dec., 88½.

Corn—May. 74%; July. 65%; Sept. 62% @ 64; Dec., 56%.

Oats—May old. 54%; May, 54; July old. 47½; July. 45%; Sept., 37% @ 37½.

Pork—May. 13.25; July 13.40; Sept., 13.65. Lard-May, 8.36; July, 8.374; Sept., Ribs-May, 7.10; July, 7.25; Sept.,

JAP BRUTALLY BEATEN.

Two thugs made a vicious assault ipon R. Kuni, a Jap employed as fire tarter at the O. S. L. yards, about 10:45 last night. The Jap was brutally beaten, robbed of a small amount of money, a watch and chain a suit of clothes, and left unconscious. Kuni says he was at work on an engine says he was at work on an engine when two men came up and asked him for money. He replied that he had do money and then the fellow attacked him and beat him. Kuni was found by companions and revived.

RAID ON PITT'S CHICKENS.

Chief of Police Can Thank Dog for Saving His Poultry.

A prowler was hanging about the resi dence of Chief of Police Pitt last night for the evident purpose of stealing chickens, but the family dog heard the fellow and set up a furious barking. This morning Chief Pitt found the would-be thief's hat. On the inside are the initials: "L. F. K." If the owner will call for the headgear Chief Pitt will give him some fatherly advice.

SCARLET FEVER PATIENT.

Volunteers Hotel is Now Entertaining And Isolating An Unwelcome Guest.

At the Volunteers' hotel there is a man from Indianapolis who gives the name of Emmet Ganes, suffering from an attack of scarlet fever. The man is in a private ward of the hospital where he is receiving treatment. He is com-

he is receiving treatment. He is completely isolated from the other parts of the building and there is no danger of the disease spreading. He is getting along in a satisfactory manner althought a very sick man.

The nurse had another case to take care of this morning when a laborer named Mike Farrer called to have his face patched up, and he certainly needed it. During a drunken fit last night he fell into a celler. His right eye was almost gouged out and his face and head were a mass of cuts and bruises. His right wrist was also badly sprained. The man is without funds and it means that the Volunteers will have to take care of him.

LATEST OGDEN NEWS

TO IDENTIFY PRISONERS.

Ogden Officers Go to Brigham City to Look at Three Men.

(Special to the "News.")

Ogden, May 14 .- Sheriff Wilson and Patrolman Bob Burke went to Brigham City this morning to attempt to identify three men who are under arrest there charged with attempting to effect a jail delivery. The men whea caught are said to have been supplied with a large number of back saws and are thought to have sought to liberate four companions. Ogden officers believe that the three men are members of the gang which was arrested several weeks ago for the theft of a large number of chickens, as the four men in jall were among that gang. In the district court the trial of the case of Jacob Johnson against I. L. Clark began this morning. Johanan alleges that he fell to the sidewalk in front of Ciark's store in January because of negligence of Ciark in permitting obstructions to remain on the sidewalk. He is asking \$15,000 damages. City Atty. James Devine has received a telegram from his brother, F. B. Devine of Lewisville, Neb., stating that he passed safely through the tornado which visited that city this week.

Leon Bailey, charged with having received stolen property, was granted his motion for a new trial by Judge Murphy this morning. It was shown after judgment had been passed that Bailay had not been arraigned nor had a pleabeen entered for him.

In the district court today, the trial of Bob Matlock and Frank Collins was commenced this morning. The men are charged with having robbed a U. P. freight car May 4. and are thought to have sought to lib-

or Bob Matlock and Frank Collins was commenced this morning. The men are charged with having robbed a U. P. freight car May 4.

Paul Lehman, charged with an attempt to rob the home of Paul Marks, a deaf and dumb man, April 25, was before the district court today for trial. It is expected the case will be ended this afternoon.
